Summary

Full-Stack Web Developer & Marketing Professional with over six years of background in the restaurant industry and customer service. Effective at combining creativity and problem solving skills to develop user-friendly, sophisticated websites and applications. Constantly learning and known to exemplify a strong work ethic. Adamant about achieving growth and success. Bilingual, fluent in English and Spanish.

Technical Skills

Computer and command line proficient. Coding proficiency in JavaScript, HTML, CSS. Experience using React, Node.Js, Express.Js, Firebase, SQL/noSQL databases, & working with RESTful APIs.

Projects

Outdoor Gear Bank — *[GitHub](#)*

- Outdoor Gear Bank is a full stack MERN application that provides a way for businesses to keep track of where their rental gear is at any state in the rental process. I was responsible for the authentication using Bcrypt with Passport.js and MongoDB, as well as the front end design and functionality for several components.

WildPlantID — **[GitLab](#)**

- WildPlantID is an iOS application developed for the Friends of Euclid Creek Watershed Program written in Objective C. Volunteering for CleGiveCamp I worked with a team to debug and update the UI of the existing application, which is used to identify plants within the Euclid Creek Watershed.

Comic-Verse — *[GitHub](#)*

- Comic-Verse is a full stack website designed with Handlebars and Sequelize to be your one stop destination for all comic book character information. During the development for this application I was responsible for authentication using Bcrypt with Passport.js and mySQL, and back-end routing using Node and Express.

LIRI — *[GitHub](#)*

- LIRI is a Language Interpretation and Recognition Interface designed to interpret user commands through the Terminal or Bash Window and generate requested data written in JavaScript using Node.js.

Cleveland Browns Trivia — *[GitHub](#)*

- A single-player Cleveland Browns themed trivia game that keeps track of your scores, gives you the ability to replay the game, and also displays GIF images based on correct or incorrect answers.
